

## Psychotic Trader (PT) Whitepaper

### Introduction

**Psychotic Trader (PT)** was created as an investment vehicle for members of the **Invecoinz** community. PT token holders will be able to use it on various investment platforms within the community.

**Founder:** Milton Miguel Pinto Ortiz

**Facebook Profile:** <https://www.facebook.com/mmpo16>

## Token Description

- **PT token** is built on the **Binance Smart Chain** and follows the **ERC-20 standard**. The smart contract address that underpins the PT token is **0x61C46209c25a11dDb5fCc3c57f63494101370426**. The total supply of PT tokens in circulation is **210,000,000 tokens**.

## Uses of PT

PT token serves various purposes:

1. It is the token used to purchase the **Trading Bot** linked to the **Bingx Exchange**.
2. **Staking**: PT tokens can be staked on <https://app.psychotictrader.com/>.
3. PT can be used for investment through **PancakeSwap Staking**.
4. It can be utilized for making purchases on the official website.

## Purpose

The **purpose** of PT is to provide an investment vehicle and create a more cohesive community. Members can use it as an investment tool and a way to support the community. Additionally, the token can be used for purchases and future community events.

## Road Map

- **Creation of PT Token**: The initial creation of the PT token.
- **Website Creation**: Development of an official website for PT.
- **Social Media Presence**: Establishment of social media channels.
- **Listing on CoinMarketCap**: Getting PT listed on this prominent cryptocurrency market data provider.
- **Listing on BSC**: Listing the token on the Binance Smart Chain.
- **Launch of PT Staking Platform**: Introduction of the PT staking platform.
- **Launch of Rewards for VIP Users**: Offering special rewards for VIP users.
- **Creation of Investment Platforms on PancakeSwap**: Expanding investment opportunities on PancakeSwap.
- **Listing on Different Exchanges**: Expanding the token's presence by listing on various cryptocurrency exchanges.
